

FARM SAFETY

PREGNANCY ON THE FARM

If you are pregnant or think you may be pregnant **please take extra caution** on our farm and do not touch **pregnant or newborn animals.**

While we take every precaution to avoid the contamination of public areas. Animals giving birth, and their newborn babies can **carry bugs that can pose a risk to your baby.**

**Please remember to wash your hands:
often throughout your visit,
after touching animals
always before eating or drinking.**

Please speak to your midwife if you have any concerns.
